## General Instructions

### Future Developments

For the latest information about developments related to Form W-4, such as legislation enacted after it was published, go to [www.irs.gov/FormW4](http://www.irs.gov/FormW4).

### Purpose of Form

Complete Form W-4 so that your employer can withhold the correct federal income tax from your pay. If too little is withheld, you will generally owe tax when you file your tax return and may owe a penalty. If too much is withheld, you will generally be due a refund. Complete a new Form W-4 when changes to your personal or financial situation would change the entries on the form. For more information on withholding and when you must furnish a new Form W-4, see Pub. 505, Tax Withholding and Estimated Tax.

**Exemption from withholding.** You may claim exemption from withholding for 2023 if you meet both of the following conditions: you had no federal income tax liability in 2022 **and** you expect to have no federal income tax liability in 2023. You had no federal income tax liability in 2022 if (1) your total tax on line 24 on your 2022 Form 1040 or 1040-SR is zero (or less than the sum of lines 27, 28, and 29), or (2) you were not required to file a return because your income was below the filing threshold for your correct filing status. If you claim exemption, you will have no income tax withheld from your paycheck and may owe taxes and penalties when you file your 2023 tax return. To claim exemption from withholding, certify that you meet both of the conditions above by writing "Exempt" on Form W-4 in the space below Step 4(c). Then, complete Steps 1(a), 1(b), and 5. Do not complete any other steps. You will need to submit a new Form W-4 by February 15, 2024.

**Your privacy.** If you have concerns with Step 2(c), you may choose Step 2(b); if you have concerns with Step 4(a), you may enter an additional amount you want withheld per pay period in Step 4(c).

**Self-employment.** Generally, you will owe both income and self-employment taxes on any self-employment income you receive separate from the wages you receive as an employee. If you want to pay income and self-employment taxes through withholding from your wages, you should enter the self-employment income on Step 4(a). Then compute your self-employment tax, divide that tax by the number of pay periods remaining in the year, and include that resulting amount per pay period on Step 4(c). You can also add half of the annual amount of self-employment tax to Step 4(b) as a deduction. To calculate self-employment tax, you generally multiply the self-employment income by 14.13% (this rate is a quick way to figure your self-employment tax and equals the sum of the 12.4% social security tax and the 2.9% Medicare tax multiplied by 0.9235). See Pub. 505 for more information, especially if the sum of self-employment income multiplied by 0.9235 and wages exceeds \$160,200 for a given individual.

**Nonresident alien.** If you're a nonresident alien, see Notice 1392, Supplemental Form W-4 Instructions for Nonresident Aliens, before completing this form.

## Specific Instructions

**Step 1(c).** Check your anticipated filing status. This will determine the standard deduction and tax rates used to compute your withholding.

**Step 2.** Use this step if you (1) have more than one job at the same time, or (2) are married filing jointly and you and your spouse both work.

If you (and your spouse) have a total of only two jobs, you may check the box in option (c). The box must also be checked on the Form W-4 for the other job. If the box is checked, the standard deduction and tax brackets will be cut in half for each job to calculate withholding. This option is roughly accurate for jobs with similar pay; otherwise, more tax than necessary may be withheld, and this extra amount will be larger the greater the difference in pay is between the two jobs.

**Multiple jobs.** Complete Steps 3 through 4(b) on only one Form W-4. Withholding will be most accurate if you do this on the Form W-4 for the highest paying job.

**Step 3.** This step provides instructions for determining the amount of the child tax credit and the credit for other dependents that you may be able to claim when you file your tax return. To qualify for the child tax credit, the child must be under age 17 as of December 31, must be your dependent who generally lives with you for more than half the year, and must have the required social security number. You may be able to claim a credit for other dependents for whom a child tax credit can't be claimed, such as an older child or a qualifying relative. For additional eligibility requirements for these credits, see Pub. 501, Dependents, Standard Deduction, and Filing Information. You can also include **other tax credits** for which you are eligible in this step, such as the foreign tax credit and the education tax credits. To do so, add an estimate of the amount for the year to your credits for dependents and enter the total amount in Step 3. Including these credits will increase your paycheck and reduce the amount of any refund you may receive when you file your tax return.

### Step 4 (optional).

**Step 4(a).** Enter in this step the total of your other estimated income for the year, if any. You shouldn't include income from any jobs or self-employment. If you complete Step 4(a), you likely won't have to make estimated tax payments for that income. If you prefer to pay estimated tax rather than having tax on other income withheld from your paycheck, see Form 1040-ES, Estimated Tax for Individuals.

**Step 4(b).** Enter in this step the amount from the Deductions Worksheet, line 5, if you expect to claim deductions other than the basic standard deduction on your 2023 tax return and want to reduce your withholding to account for these deductions. This includes both itemized deductions and other deductions such as for student loan interest and IRAs.

**Step 4(c).** Enter in this step any additional tax you want withheld from your pay **each pay period**, including any amounts from the Multiple Jobs Worksheet, line 4. Entering an amount here will reduce your paycheck and will either increase your refund or reduce any amount of tax that you owe.

Step 2(b) – Multiple Jobs Worksheet (Keep for your records.)

If you choose the option in Step 2(b) on Form W-4, complete this worksheet (which calculates the total extra tax for all jobs) on only ONE Form W-4. Withholding will be most accurate if you complete the worksheet and enter the result on the Form W-4 for the highest paying job. To be accurate, submit a new Form W-4 for all other jobs if you have not updated your withholding since 2019.

Note: If more than one job has annual wages of more than \$120,000 or there are more than three jobs, see Pub. 505 for additional tables.

- 1 Two jobs. If you have two jobs or you're married filing jointly and you and your spouse each have one job, find the amount from the appropriate table on page 4. Using the "Higher Paying Job" row and the "Lower Paying Job" column, find the value at the intersection of the two household salaries and enter that value on line 1. Then, skip to line 3
2 Three jobs. If you and/or your spouse have three jobs at the same time, complete lines 2a, 2b, and 2c below. Otherwise, skip to line 3.
a Find the amount from the appropriate table on page 4 using the annual wages from the highest paying job in the "Higher Paying Job" row and the annual wages for your next highest paying job in the "Lower Paying Job" column. Find the value at the intersection of the two household salaries and enter that value on line 2a
b Add the annual wages of the two highest paying jobs from line 2a together and use the total as the wages in the "Higher Paying Job" row and use the annual wages for your third job in the "Lower Paying Job" column to find the amount from the appropriate table on page 4 and enter this amount on line 2b
c Add the amounts from lines 2a and 2b and enter the result on line 2c
3 Enter the number of pay periods per year for the highest paying job. For example, if that job pays weekly, enter 52; if it pays every other week, enter 26; if it pays monthly, enter 12, etc.
4 Divide the annual amount on line 1 or line 2c by the number of pay periods on line 3. Enter this amount here and in Step 4(c) of Form W-4 for the highest paying job (along with any other additional amount you want withheld)

Step 4(b) – Deductions Worksheet (Keep for your records.)

- 1 Enter an estimate of your 2023 itemized deductions (from Schedule A (Form 1040)). Such deductions may include qualifying home mortgage interest, charitable contributions, state and local taxes (up to \$10,000), and medical expenses in excess of 7.5% of your income
2 Enter: { \$27,700 if you're married filing jointly or a qualifying surviving spouse; \$20,800 if you're head of household; \$13,850 if you're single or married filing separately }
3 If line 1 is greater than line 2, subtract line 2 from line 1 and enter the result here. If line 2 is greater than line 1, enter "-0-"
4 Enter an estimate of your student loan interest, deductible IRA contributions, and certain other adjustments (from Part II of Schedule 1 (Form 1040)). See Pub. 505 for more information
5 Add lines 3 and 4. Enter the result here and in Step 4(b) of Form W-4

## Form W-4MN Instructions for Employees

Complete this form for your employer to calculate the amount of Minnesota income tax to be withheld from your pay.

### When must I complete Form W-4MN?

Complete Form W-4MN if any of these apply:

- You begin employment
- You change your filing status
- You reasonably expect to change your filing status in the next calendar year
- Your personal or financial situation changes
- You claim exempt from Minnesota withholding (see Section 2 instructions for qualifications)

If you have not had sufficient Minnesota income tax withheld from your wages, we may assess penalty and interest when you file your state income tax return.

**Note:** Your employer may be required to submit a copy of your Form W-4MN to the Minnesota Department of Revenue. You may be subject to a \$500 penalty if you provide a false Form W-4MN.

**You must enter your Social Security Number for this Form W-4MN to be valid.**

### What if I have completed federal Form W-4?

If you completed a 2023 Form W-4, you must complete Form W-4MN to determine your Minnesota withholding allowances.

### What if I am exempt from Minnesota withholding?

If you claim exempt from Minnesota withholding, complete only Section 2 of Form W-4MN and sign and date the form to validate it. If you complete Section 2, you must complete a new Form W-4MN by February 15 in each following year in which you claim an exemption from Minnesota withholding.

You cannot claim exempt from withholding if all of these apply:

- Another person can claim you as a dependent on their federal tax return
- Your annual income exceeds \$1,100
- Your annual income includes more than \$350 of unearned income

### What if I am a nonresident alien for U.S. income taxes?

If you are a nonresident alien, you are not allowed to claim exempt from withholding. You will check the single box for marital status regardless of your actual marital status and may enter one personal allowance on Step A of Section 1. Enter zero on steps B, C, and E of Section 1.

If you are resident of Canada, Mexico, South Korea, or India, and are allowed to claim dependents, enter the number of dependents on Step D.

### Section 1 — Minnesota Allowances Worksheet

Complete Section 1 to find your allowances for Minnesota withholding tax. For regular wages, withholding must be based on allowances you claimed and may not be a flat amount or percentage of wages.

If you expect to owe more income tax for the year than will be withheld, you can claim fewer allowances or request additional Minnesota withholding from your wages. Enter the amount of additional Minnesota income tax you want withheld on line 2 of Section 1.

#### Nonwage Income

Consider making estimated payments if you have a large amount of “nonwage income.” Nonwage income (other than tax-exempt income) includes interest, dividends, net rental income, unemployment compensation, gambling winnings, prizes and awards, hobby income, capital gains, royalties, and partnership income.

#### Two Earners or Multiple Jobs

If your spouse works or you have more than one job, figure the total number of allowances you are entitled to claim on all jobs using worksheets from only one Form W-4MN. Usually, your withholding will be more accurate when all allowances are claimed on the Form W-4MN for the highest paying job and zero allowances are claimed on the others.

#### Head of Household Filing Status

You may claim Head of Household as your filing status if you are unmarried and pay more than 50% of the costs of keeping up a home for yourself and your dependents. Enter “1” on Step E if you may claim Head of Household as your filing status on your tax return.

#### What if I itemize deductions on my Minnesota return or have other nonwage income?

Use the Itemized Deductions and Additional Income Worksheet to find your Minnesota withholding allowances. Complete Section 1 on page 1, then follow the steps in the worksheet on the next page to find additional allowances.

**Itemized Deductions and Additional Income Worksheet**

- 1 Enter an estimate of your 2023 Minnesota itemized deductions. For 2023, you may have to reduce your itemized deductions if your income is over \$220,650 (\$110,325 for Married Filing Separately).....
- 2 Enter one of the following based on your filing status: .....
  - a. \$27,650 if Married Filing Jointly
  - b. \$20,800 if Head of Household
  - c. \$13,825 if Single or Married Filing Separately
- 3 Subtract step 2 from step 1. If zero or less, enter 0 .....
- 4 Enter an estimate of your 2023 additional standard deduction (from page 11 of the Form M1 instructions) .....
- 5 Add steps 3 and 4 .....
- 6 Enter an estimate of your 2023 taxable nonwage income .....
- 7 Subtract step 6 from step 5. If zero, enter 0. If less than zero, enter the amount in parentheses.....
- 8 Divide the amount on step 7 by \$4,800. If a negative amount, enter in parentheses. Do not include fractions .....
- 9 Enter the number on step F of Section 1 on page 1 .....
- 10 Add step 8 and 9 and enter the total here. If zero or less, enter 0. Enter this amount on line 1 of page 1.....

**Section 2 — Minnesota Exemption**

Your employer will not withhold Minnesota taxes from your pay if you are exempt from Minnesota withholding. You cannot claim exempt from withholding if all of these apply:

- Another person can claim you as a dependent on their federal tax return
- Your annual income exceeds \$1,100
- Your annual income includes more than \$350 of unearned income

**Box A**

Check box A of Section 2 to claim exempt if all of these apply:

- You meet the requirements to be exempt from federal withholding
- You had no Minnesota income tax liability in the prior year and received a full refund of Minnesota tax withheld
- You expect to have no Minnesota income tax liability for the current year

**Box B**

Check box B of Section 2 if you are not claiming exempt from federal withholding, but meet the second and third requirements for box A.

**Box C**

Check box C in Section 2 to claim exempt if all of these apply:

- You are the spouse of a military member assigned to duty in Minnesota
- You and your spouse are domiciled in another state
- You are in Minnesota solely to be with your active duty military spouse member

**Boxes D-F**

If you receive income from the following sources, it is exempt from Minnesota withholding. Your employer will not withhold Minnesota tax from that income when you check the appropriate box in Section 2.

- **Box D:** You receive wages as a member of an American Indian tribe living and working on the reservation of which you are an enrolled member. Enter the name of your reservation and your Certificate of Degree of Indian or Alaskan Blood (CDIB) number/enrollment number. **Members of the Minnesota Chippewa Tribe** can exclude income regardless of which Minnesota Chippewa Tribe reservation you live and work on. This affects members of these tribes:
  - Mille Lacs
  - Nett Lake (Bois Forte)
  - Fond du Lac
  - Leech Lake
  - White Earth
  - Grand Portage
- **Box E:** You receive wages for Minnesota National Guard (MNG) pay or for active duty U.S. military pay. MNG and active duty U.S. military members can claim exempt from Minnesota withholding on these wages, even if they are taxable federally. For more information, see Income Tax Fact Sheet 5, *Military Personnel*.
- **Box F:** You receive a military pension or other military retirement pay calculated under U.S. Code title 10, sections 1401 through 1414, 1447 through 1455, and 12733. You may claim exempt from Minnesota withholding on this income even if it is taxable federally.

**Note:** You may not want to claim exempt if you (or your spouse if filing a joint return) expect to have other forms of income subject to Minnesota tax and you want to avoid owing tax at the end of the year.

If you complete Section 2, you must complete a new Form W-4MN by February 15 in each following year.

**Nonresident Alien**

If you are a nonresident alien for federal tax purposes, do not complete Section 2. See IRS Publication 519, *U.S. Tax Guide for Aliens*.

**Line 2 — Additional Minnesota Withholding**

If you would like an additional amount of tax to be deducted per payment period, enter the amount on line 2. Do not enter a percentage of the payment you want to be deducted.

**Use of Information**

All information on Form W-4MN is private by state law. It cannot be given to others without your consent, except to the IRS, other states that guarantee the same privacy, or by court order. Your name, address, and Social Security Number are required for identification. Information about your allowances is required to determine your correct tax.
